

How to charge

1

Plug in

Select the correct charging cable for your vehicle, then connect the cable to your vehicle

2

Select payment method

Follow the on-screen instructions, when prompted choose one of the following payment methods:

E.ON RFID card or tag

When prompted, hold the RFID card against the reader

E.ON Drive app

Download from the App Store® or Google Play®. Search 'E.ON Drive'

Contactless payment

When prompted, touch your card against the payment terminal

Online payment

Go to eonevpay.co.uk or scan the QR code, then enter the charge point ID

3

Unplug

Follow the instructions on the charge point screen to stop charging. Disconnect the cable from your car and return the cable to the holder on the charging station

Charging safely

Never attempt to use a charging station if the vehicle, station or cable is damaged in anyway. Please report any charge point damage to us. Please return the cable to the holder, once charging has been completed.
