

STAFFORDSHIRE MOORLANDS LOCAL PLAN EXAMINATION

Agenda

Session 13 – To follow after Session 12

Friday 19 October 2018

Matter 10

Implementation and Monitoring

The purpose of this session is to examine the implementation and monitoring provisions of the Local Plan (LP).

The Council propose to modify the LP so that the circumstances where a full or partial review of the LP is necessary are clearer.

Issues

1. Indicators and Targets

1.1. Are the Performance Monitoring Indicators and targets specific and measurable?

The Council considers that the indicators meet these requirements. The two separate tables within the LP are to be combined into one (MM63-64 and Appendices).

2. Review Mechanisms

2.1 Is the LP clear as to when a review or partial review of the LP would be triggered due to a failure to meet key targets, for example for those relating to the delivery of housing?

The Council refers to MM65.

Supplementary Question – Should further MMs be made to reflect paragraph 33 of the 2018 National Planning Policy Framework and revised national policy on housing delivery?

2.2 Should the LP include a review mechanism in the event that there are unmet needs arising from Stoke or Newcastle-under-Lyme?

The Council does not consider that such a mechanism is necessary as Stoke and Newcastle has its own HMA. The matter is addressed in the Statement of Common Ground.
