PLEASE READ THESE GUIDELINES CAREFULLY

1. No memorial will be allowed on a grave if the Right of Burial has not been purchased.

2. The Memorial Mason must be registered under the Council’s Memorial Mason Registration Scheme. A list is available from the Cemetery Registrar.

3. The memorial application form must be fully completed including all details of the proposed work and a diagram of the memorial. The application form must be signed by the registered owner or a person authorised by the grave owner to erect a new memorial or carry out work to an existing memorial.

4. It is the responsibility of the registered owner to ensure the continued maintenance and safe upkeep of the memorial. The Council recommends that memorial insurance be taken out to complement any warranty provided by the Memorial Mason. The Council is not responsible for making good any damage caused by circumstances over which it has no control.

5. For safety reasons, when a grave is excavated, the memorial may have to be removed from the cemetery by an authorised Memorial Mason. The Funeral Director usually makes this arrangement in direct liaison with the family.

6. The Council has a duty to remove any potential danger from the cemetery and may therefore remove any breakable items, edging kerbstones or other unauthorised objects from any grave.

7. It is important that you notify the Cemetery Registrar of any change of address or circumstances.
