Hello

Thank you for consulting the National Trust on the proposed Biddulph Neighbourhood Plan. We welcome the production of the plan and the recognition that it gives both to Biddulph Grange Garden and to Mow Cop.

The plan identifies a concern with parking overflowing from Biddulph Grange Garden on busy days. We improved our overflow car park in 2019 (planning permission SMD/2019/0020) and believe that this will have resolved this issue. During lockdown, we understand that visitors were overflowing from the car park for Biddulph Grange Country Park.

The plan identifies important views from Biddulph Town Centre. In a similar vein, we have started work on identifying the most important areas for the setting of Biddulph Grange Gardens. These notably include the fields between the Gardens and Woodhouse Lane and the land on the far side of the valley seen in the view west along the Wellingtonia Avenue. We would welcome an opportunity to work with the Town Council on identification and protection of the key parts of the setting of Biddulph Grange Garden.

Kind regards

Helen
