

Leek Town Centre Masterplan - Additional Modifications

This document was approved as an Interim Policy Statement by the Council on 29th January 2013 and subsequently adopted as a Supplementary Planning Document by the Council on 26th March 2014. References and maps in this document were current at the date of its approval as an Interim Policy Statement, subject to the following additional modifications which were also agreed by the Council at that time:

- Reference added to the need to enhance vacant plot on Regent Street as part of the gateway into the town centre
- Further development/enhancement of a grant fund to support heritage repair included in the Delivery Plan section of the Masterplan
- Illustrate established pedestrian and cycle routes into the town on the Transport Map
- Highway Plan updated to clarify pedestrian linkages and greenway connections
- Plan on page 53 reviewed with the Transport Framework on page 87 to remove confusion.
- Funding risk and potential changes to Developer Contributions acknowledged.

A final adopted version of this document incorporating all of the above additional modifications and updated to reflect its status as a Supplementary Planning Document will be produced in due course.
